

Is God Still Relevant Today?

Romans 3:21-26

Introduction

- a. Relevance is associated with connection, applicability or importance
- b. Not seeing the relevance \neq Something is not relevant

Why Christians think that God is relevant

- 1. God exists (Rom 1:20)
- 2. God evaluates (Rom 1:21, 24; 1:18, 2:3)
- 3. God empathizes (Rom 3:21-26)

Two common questions raised

- a. Is God relevant in our age of science & technology?
- b. Is God relevant when I'm going through so much pain?

Reflection / Discussion:

- i. What are some questions that I have or interesting things that were raised from the sharing this morning?
- ii. What are my experiences that make me think about or doubt the relevance of God?
- iii. What are some difficult life issues I'm struggling to find answers for?
